Alpha is one of India's largest manufacturer of single-stage PET bottles. Alpha Plastomers was instrumental in introducing PET bottles in pharmaceutical industry in 2004 using single stage ISBM machines. Today, we are catering to world's leading brands in pharmaceutical, FMCG, and cosmetics industries.

QUICK INFO

- State-of-art R&D facility
- In-house mould maintenance
- An ISO 9001:2015 Certified facility
- Products packed in Class 10,000 clean room

ADVANTAGES OF SINGLE STAGE PRODUCED PET BOTTLES

- Greater top-load bearing capacity
- Odour-less since polymer is heated only at high temperatures
- Improved gloss
- Accurate neck diameters to prevent leakages
- Consistent thickness around the bottle
